Dear Valued Customer,

Your Newton Federal Bank Visa® Debit Card is an amazing financial tool that can be used to make purchases at local stores or wherever you may be travelling. Your debit card can also be used to set up recurring payments with companies that offer the option to enroll in automatic payments – making payments using your debit card even easier.

Beginning in October, Newton Federal Bank, as a Visa® card issuer, will offer a convenient new service – Visa Account Updater. This service will provide updated card information to Visa whenever you receive a replacement card, change your address or update any other information that selected merchants keep on file.

Visa Account Updater makes it easy to keep all of your subscriptions and recurring payments up to date so you don't have to worry about changing your information with a merchant everytime you receive a new card or move to a different address.

While this new service will offer added convenience to our debit card holders, Newton Federal Bank understands that some of our customers may not want to have their card information updated automatically. This is why we want to give you that opportunity to opt out of Visa Account Updater.

If you do NOT want your card to be part of the Visa Account Updater program, please fill out the enclosed form. As the card issuer, we will notify Visa on your behalf. If you have additional questions, please contact us at 770-786-7088.

Please let us know if you wish to be removed from the Visa Account Updater Program. Fill out the information below, and drop the form off at any of our branches or mail it to
